#### Section 1: Product Identifier and Chemical Identity

| Product Identifier                                      |   |
|---|---|
| Product Name:   | Dyes for electrophoresis                                  |
| Product Codes:  | G42.90  |
| Other means of identification:                          |   |
| Chemical formula, alternative names:                    | Dye solutions for electrophoresis                         |
| Recommended use of the chemical and restrictions on use |   |
| Recommended Use:  | For laboratory use only.                                  |
| Suppliers name, address and phone number                |   |
| Suppliers Name:   | Southern Biological                                       |
| Suppliers ABN:  | 94 630 703 810  |
| Suppliers Address:                                      | 1/44 Rushdale Street<br>Knoxfield Victoria 3180 Australia |
| Suppliers Phone No.:                                    | 1300 138 561  |
| Suppliers Fax No.:                                      | +613 9753 3896  |
| Emergency Phone number (BH)                             | 1300 138 561  |

#### Section 2: Hazard Identification

| Classification of the Hazardous Chemical |   |
|--|---|
| Hazard Category                          | Not classified as a hazardous chemical.   |
| Label elements                           |   |
| Hazard Pictograms:                       | None  |
| Signal Word:                             | None  |
| Hazard Statements:                       | None  |
| Precautionary Statements:                | Use personal protective equipment. Ensure adequate ventilation.<br>Avoid contact with skin, eyes and clothing. Do not ingest. |
| Other Hazards                            |   |
| Results of PBT and vPvB assessment:      | PBT: Not applicable<br>VPvB: Not applicable   |

## Section 3: Composition/information on ingredients

| Ingredients      |           |            |   |
|------------------|-----------|------------|---|
| Name             | CAS       | Proportion | Hazard Class  |
| Bromophenol blue | 115-39-9  | 0.2%       | None  |
| Methyl green     | 7114-03-6 | 0.2%       | Solid:<br>Skin Corrosion/Irritation Category 2, Serious Eye<br>Damage/Eye Irritation Category 2A, Specific Target<br>Organ Systemic Toxicity (STOT) - Single Exposure<br>Category 3 |
| Orange G         | 1936-15-8 | 0.2%       | None  |
| Xylene cyanol    | 2650-17-1 | 0.2%       | Solid:<br>Skin Corrosion/Irritation Category 2, Serious Eye<br>Damage/Eye Irritation Category 2A, Specific Target<br>Organ Systemic Toxicity (STOT) - Single Exposure<br>Category 3 |
| Glycerol         | 56-81-5   | 20%        | None  |
| Water            | 7732-18-5 | 79.8%      | None  |

#### Section 4: First Aid Measures

| General Information   |   |
|---|---|
| After Inhalation:   | Remove person to fresh air and keep comfortable for breathing. If experiencing respiratory symptoms, call a doctor.                             |
| After skin contact:   | Wash with water and soap and rinse thoroughly. If skin irritation occurs, seek medical advice.  |
| After eye contact:  | Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.                            |
| After swallowing:   | Do not induce vomiting. Wash out mouth with water. Obtain<br>emergency medical attention.<br>Call a POISON CENTRE or doctor if you feel unwell. |
| Information for doctor:   |   |
| Most important symptoms and effects both acute and delayed:                 | Treat symptomatically.  |
| Indications of any immediate medical attention and special treatment needed | No further relevant information available.  |

# Section 5: Firefighting measures

| Extinguishing media                                   |   |
|---|---|
| Suitable extinguishing agents:                        | Substance is non-flammable; use most appropriate agent for surrounding fire.    |
| Special hazards arising for the substance or mixture: | Thermal decomposition can lead to the release of irritating gasses and vapours. |
| Advice for firefighters                               |   |

| Protective equipment: | Do not enter the fire area without proper protective equipment |
|-----------------------|--|
|                       | including respiratory equipment.                               |

#### Section 6: Accidental release measures

| General Information  |   |
|--|---|
| Personal precautions, protective equipment and emergency procedures: | No health effects expected from the clean up of this material if<br>contact can be avoided. Follow personal protective equipment<br>recommendations found in Section 8 of this SDS. Prevent the spread<br>of any spill to minimise harm to human health and the environment<br>if safe to do so. Wear complete and proper personal protective<br>equipment following the recommendation of Section 8 at a<br>minimum. Dike with suitable absorbent material like granulated clay.<br>Gather and store in a sealed container pending a waste disposal<br>evaluation. |
| Environmental precautions:   | Prevent entry to sewers and public waters. Avoid release to the environment. Notify authorities if spill to sewers or public waters.  |
| Methods and material for containment and cleaning up:                | Dispose of contaminating material as waste according to item 13.<br>Ensure adequate ventilation.  |
| Reference to other sections:   | See Section 7 for information on safe handling.<br>See Section 8 for information on protective equipment.<br>See Section 13 for disposal information.   |

## Section 7: Handling and Storage

| General Information   |  |
|---|--|
| Precautions for safe handling:                                | Ensure good ventilation/exhaustion at the workplace.<br>Do not eat drink or smoke when using this product. Wash<br>contaminated clothing before reuse.         |
| Information about fire – and explosion protection:            | No special measures required.  |
| Conditions for safe storage, including any incompatibilities. |  |
| Storage:  | Store in cool dry area out of direct sunlight and incompatible<br>materials. Keep containers closed when not in use. Store in suitably<br>labelled containers. |
| Requirements to be met by storerooms and receptacles:         | No special requirements.   |
| Information about storage in one common storage facility:     | Not required.  |
| Further information about storage conditions:                 | Keep container tightly sealed. Keep out of direct sunlight.  |
| Specific end use(s):  | No further relevant information available.   |

## Section 8: Exposure controls/personal protection.

| General information  |                                |  |
|--|--------------------------------|--|
| Additional information about design of technical facilities:                 | No further data: see section 7 |  |
| Control parameters:  |                                |  |
| Ingredients with limit values that require monitoring at the workplace: None |                                |  |

| Additional information                    | The lists valid during the making were used as basis.   |
|---|---|
| Exposure Controls:                        |   |
| General protective and hygienic measures: | Use only in systems, processes and procedures in which effective<br>ventilation has been provided.<br>Keep away from foodstuffs, beverages and feed.<br>Immediately remove all soiled and contaminated clothing<br>Wash hands before breaks and at the end of work.<br>Avoid contact with eyes. |
| Respiratory protection:                   | In case of significant exposure use respiratory filter device. Not normally required.   |
| Clothing / Foot-wear and equipment        | No special requirements.  |
| Protection of hands:                      | PVC or rubber gloves  |
| Eye protection:                           | Tightly sealed goggles  |
| Skin protection:                          | Laboratory Coat   |

## Section 9: Physical and chemical properties

| Appearance:                    |                    |
|--------------------------------|--------------------|
| Form:                          | Liquid             |
| Colour:                        | Coloured solutions |
| Odour:                         | Not determined     |
| Odour Threshold:               | Not determined     |
| pH value:                      | Not determined     |
| Change in Condition:           |                    |
| Melting point/Melting range:   | Not determined     |
| Boiling point/Boiling range:   | Not determined     |
| Flash point:                   | Not determined     |
| Flammability (solid / gaseous) | Not determined     |
| Ignition Temperature           |                    |
| Decomposition temperature:     | Not determined     |
| Self-igniting:                 | Not determined     |
| Danger of explosion:           | Not determined     |
| Explosion limits               |                    |
| Lower:                         | Not determined     |
| Upper:                         | Not determined     |
| Vapour pressure:               | Not determined     |
| Density:                       | Not determined     |
| General Info                   |                    |
| Relative density:              | Not determined     |

| Vapour density:                          | Not determined |
|--|----------------|
| Evaporation rate:                        | Not determined |
| Solubility in/ Miscibility with water:   | Soluble        |
| Partition coefficient (n-octanol/water): | Not determined |
| Viscosity:                               | Not determined |
| Other information:                       | Not determined |

# Section 10: Stability and reactivity

| Reactivity  |   |
|---|---|
| General   | No further relevant information available.  |
| Chemical Stability                                |   |
| Thermal decomposition / conditions to be avoided: | No decomposition if used according to specifications.   |
| Possibility of hazardous reactions:               | No dangerous reactions known.   |
| Conditions to avoid:                              | Heat, flames, ignition sources, incompatibles.  |
| Incompatible materials:                           | Strong oxidising agents, halogens, ethylene oxide, nitric acid, sulfuric<br>acid. May react violently with acetic anhydride, nitrobenzene and<br>alkali metal hydrides. |
| Hazardous decomposition products:                 | Thermal decomposition can lead to the release of irritating gases and vapours. In event of fire see section 5   |

## Section 11: Toxicological information

| Information on toxicological effects |                |
|--------------------------------------|----------------|
| General                              | Acute toxicity |
| Primary irritant effect:             |                |
| Inhalation:                          | Not classified |
| Skin:                                | Not classified |
| Ingestion:                           | Not classified |
| Chronic Toxicity:                    |                |
| General                              | Not classified |

# Section 12. Ecological information

| Toxicity          |                   |
|-------------------|-------------------|
| Aquatic toxicity: | No data available |

| Persistence and degradability:     | No further relevant information available.  |
|------------------------------------|---|
| Behaviour in environmental systems |   |
| Bio-accumulative potential:        | No further relevant information available.  |
| Mobility in soil:                  | No further relevant information available.  |
| Additional ecological information  |   |
| Results of PBT and vPvB assessment | PBT: Not applicable<br>vPvB: Not applicable |
| Other adverse effects:             | No further relevant information available.  |

#### Section 13. Ecological information

| Waste treatment methods       |  |
|-------------------------------|--|
| Recommendation                | Prevent this material from entering waterways, drains and sewers.<br>Comply with official regulations. Offer surplus and non-recyclable<br>solutions to a licenced disposal company. |
| Uncleaned packaging:          |  |
| Recommendation:               | Disposal must be made according to official regulations.   |
| Recommended cleansing agents: | Water, if necessary, together with cleansing agents.   |

#### Section 14. Transport information

| General | Not listed as a hazardous material. |
|---------|-------------------------------------|
|---------|-------------------------------------|

## Section 15. Regulatory Information

| Safety health and environmental regulations/legislation specific for the substance or mixture |  |
|---|--|
| Australian Inventory of Chemical Substances:  | Substances are listed.                                 |
| Standard for the Uniform Scheduling of Medicines and Poisons                                  | S6   |
| GHS label elements  | None   |
| Chemical safety assessment:   | A Chemical Safety Assessment has not been carried out. |

#### Section 16. Other information

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.
